Manufacturing

Electronics Manufacturing including – amongst others
Assembling/manufacturing of PCs and Laptops

Desktop Support

Desktops and other end-user equipment are at the forefront of organisational productivity. Poor support at desktop level results in worker frustration and loss of productivity.

PABX

Voice is still the king of business communications. We provide unified communications solutions to our clients. We are authorised re-sellers of leading brands of PABX manufacturers.

Services

NETWORKING

Our approach to network services is to monitor all network elements ensuring they are operating properly. Any problems picked up by monitoring tools generates a trouble ticket that is allocated to a technician to resolve.

CCTV

Closed circuit TV is vital for business security. At Hanley we specialise in providing intelligent CCTV solutions to meet your requirements. We partner with leading providers of CCTV equipment to bring you the most cost-effective solutions from design to deployment.

IT SECURITY

Hanley can design, implement and support security solutions based on firewalls, antivirus, intrusion inspection and unified threat management devices. At Hanley we can provide managed security where we monitor security devices and respond to security events such as hacking or antivirus outbreak.

SERVER SUPPORT

Hanley offers server support packages that include remote monitoring of servers located at the client's own data centre and a preventative maintenance regime that ensures your data is always safe and servers are up most of the time.

BACKUP AND DATA RECOVERY

We provide solutions for data management including local and remote backup solutions. We do provide replication of services to offsite servers.

MANAGED PRINT SOLUTIONS

At Hanley we can assist you manage the printing costs by providing a managed print solution. This solution will provide visibility on your printing costs patterns and provide a means to allocate printing costs to individual departments.

DATABASES

At the heart of the software evolution lie databases. Hanley is able to design, implement and support databases. Database administration is a service that can be procured from Hanley.

FIBRE

Hanley is an accredited provider of fiber-to-business and fibre-to-the-home. Fibre is the fastest Internet connection yet. The future of connectivity is fibre. We provide cost-effective fibre services for home and business users. Get uncapped, capped, unshaped, shaped fibre to home or business.

VIDEO CONFERENCING

As the cost of travel escalates it becomes obvious that companies have to look to other ways of getting geographically distributed teams to work together. Video conferencing systems are a must for all progressive companies.

CONSUMABLES

We supply any office environment stationery to suit your needs. Whether you run a school or a small business, we have a wide range of stationery to insure you get your day to day activities completed with ease by providing state of the art office solution services
